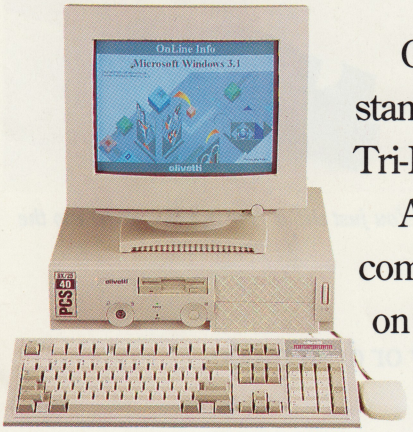
Six of the best: the new Olivetti PCS range



Olivetti now offers you a choice of six industry-standard personal computers, with non-interlaced SVGA Tri-Mode colour monitors.

All have MS-DOS, Windows and comprehensive user guides pre-loaded on the hard disk.

All give you European design, engineering and reliability.

All have a 3 year warranty and are supported by Olivetti service throughout Australia.

All offer exceptional value for money.

Choose the PCS that's right for your needs:

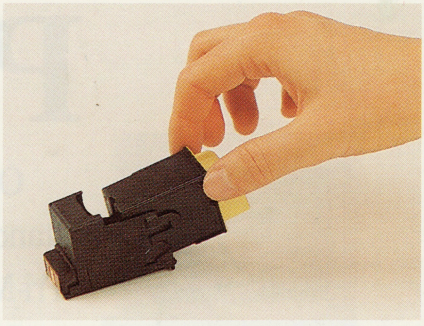
New bubble ink-jet technology

Laser-quality printers with printheads you refill yourself

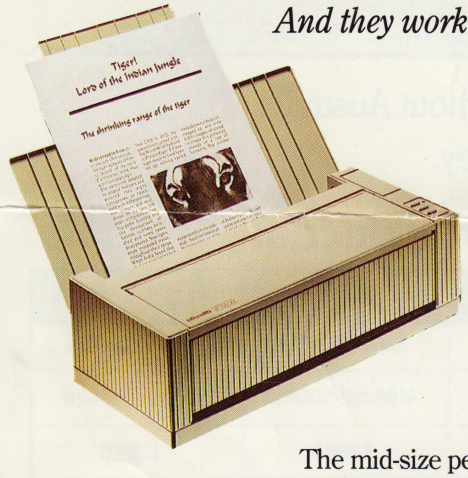


You just slip a new ink cartridge into the printhead.

These new-technology Olivetti printers give you

- word processing and advanced graphics with laser-quality reproduction
- economy of operation — you don't discard the whole printhead when you need more ink
- high speed output — with a choice of laser quality or draft mode
- the additional benefit of water-resistant ink.

And they work with all the popular, industry standard, application packages.

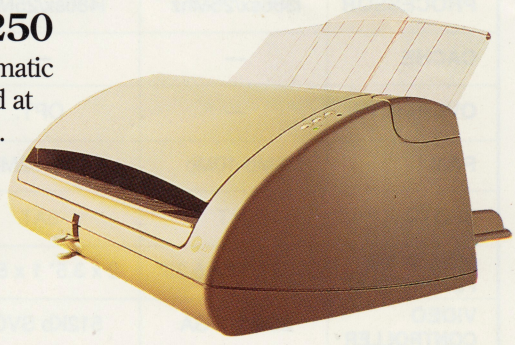


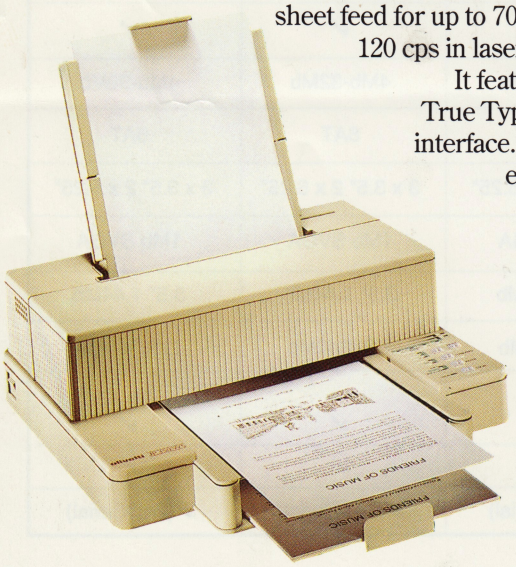
The JP 150WS

A compact, personal computer that's fast (180 cps in draft; 120 cps in laser quality), has 300 x 300 dpi resolution and weighs only 2.9 kg. It features 13 resident fonts... font rotation – portrait or landscape... a semi-automatic feed for sheets and envelopes (a fully automatic feed is an optional extra)... a parallel interface... and Olivetti's unique, economical, ink refill cartridge.

The JP 250

The mid-size personal printer with a fully integrated, automatic sheet feed for up to 70 sheets. It prints at 180 cps in draft and at 120 cps in laser quality, with 300 x 300 dpi resolution. It features 13 resident fonts and 25 scalable True Type soft fonts... font rotation... a parallel interface... a 50 Kb input buffer and the unique, economical, Olivetti ink refill cartridge.





The JP 350WS

The sophisticated, high speed printer that meets the many needs of the modern office: WP and graphics... 360 cps in high speed draft; 240 cps in draft; 120 cps in laser quality... automatic paper handling (up to 150 sheets/continuous/envelopes)... an optional second automatic sheet feed... an optional push tractor... a parallel interface and an optional serial interface. Its laser quality (300 x 300 dpi for graphics; 600 x 300 for fonts) and the unique, economical, Olivetti ink refill cartridge, make it the ideal printer for high volume work.

All Olivetti bubble ink-jet printers are supported by Olivetti service throughout Australia.
